individual and versatile
ward round and functional trolleys
The individual ward round trolley system

The Hospicar® series has flexible combination possibilities for particular furnishings, trolley size and individual decoration.

- Trolley colour white
- Total load up to 150 kg
- Wood-plastic combination, high-quality laminated
- Castors Ø 100 mm, 2 are lockable
- As standard with white push handle
- Drawers in different sizes or filing cabinets

The particular advantage

We realize special dimensions and special designs according to your requirements.

You also have the full choice of our range of materials and finishes.

Examples of the diversity of combination options for Hospicar®
The **swingo®-visit** series with its colourful accents and aluminium profile for universal attachment of accessories.

- Case and shelves are white
- Sturdy aluminium profile with integrated cable duct and a shapely push handle
- High-quality wood-plastic materials, castors Ø 100 mm, 2 castors are lockable
- Variable configuration options

**Colours for handles and decorative strips:**

You define your own colour accents. In your order please specify the colour code by adding it as the last digit to the reference number.

- 1 = grey
- 2 = blue
- 4 = yellow

Other colours on request!
